

CALL FOR PAPERS

**Technovation: The International Journal of Technological Innovation,
Entrepreneurship and Technology Management**

Impact Factor: 2.466 SSC/SCI

Guest editors: Desheng Dash Wu (Managing Guest Editor), David L. Olson and John R. Birge

Special Issue on “Risk Management in Technological Innovation”

Technovation: The International Journal of Technological Innovation, Entrepreneurship and Technology Management seeks original manuscripts for a Special Issue on “Risk Management in Technological Innovation” scheduled to appear in 2012.

A great deal of attention has been paid to risks during the technological innovation process recently. This special issue of *Technovation* on the theme of “**Risk Management in Technological Innovation**” is intended to present recent advances in this area and their applications to business. Authors are encouraged to submit both theoretical and applied articles addressing the theme of this special issue. Submissions are expected to show a balance of both quantitative modeling work (e.g., operations research and management science approaches) and applications to practical business issues.

Topics of Interest:

Topics include, but are not limited to the following:

- Risk in innovation management
- Technological risk assessment
- Risk in R & D
- Technological risk assessment
- Risk evaluation technology
- Agent-based modeling of technological risk
- Risk management scenarios
- Risk management-related software
- Supply chain technology risk issues
- Enterprise risk management technology
- Other issues related to Risk and Technology

Paper submission:

Submitted articles must not have been previously published or currently submitted for journal publication elsewhere.

As an author, you are responsible for understanding and adhering to our submission guidelines. You can access them [here](#). The guidelines can also be found in every issue of *Technovation*. Please thoroughly read these before submitting your manuscript. Each paper will go through a rigorous review process.

Papers should be submitted via the journal online system: <http://ees.elsevier.com/technovation> (first time users will need to register).

Two conferences on Risk and Engineering Management are to be organized in August and November, 2011 by RiskLab (<http://risklab.utoronto.ca/bbs>) at the University of Toronto. Submission to the Special Issue is, however, not restricted to conference participants.

Important Dates:

Submission Deadline: **November 30, 2011**

First-Round Reviews: **March 30, 2012**

Revised Papers: **June 30, 2012**

Publication: **2012**

Editors and Notes:

You may send all your questions by e-mail to the managing guest editor:
